📍 VIRTUAL MOBILITY CAMPAIGN : 7 DAYS TO GO ! 🇵🇹

💡 Do you want to experience abroad ? Discover Virtual Mobility !

👤 Developed among the UNITA partners, virtual mobility allows you to easily follow online classes that are taught by any of the partners. You will just have to fill in a simple form, and you'll be an international student 2.0! 🧑

✅ Virtual mobility is perfect in order to experience abroad, discover new culture, get new specific skills unavailable at your university, prepare a physical mobility, or simply experience something different ! All of this, easily accessible from your home.

📌 So do not miss our next registration campaign, from Friday, May 7th.

❓ Do you want more information ? Visit our website https://www.ubi.pt/Sites/unita/en/Pagina/virtual_mobility (information for next campaign will soon be updated) or the website of your home university.

❗ Stay tuned and stay positive : international is still within your reach !

Rural mobility

- From June to September (3 weeks-2 months)
- >100 offers across the alliance (26 UBI)
- Develop student training in rural regions around all the universities
- Reinforce UNITA students' competences and improve their employability by connecting them with rural public and private organizations
- Uses students eager to put their academic knowledge in practice to create new synergies in education, research and entrepreneurship, and to produce a net-positive impact on rural and mountainous areas across Europe

"Thanks to Rural Desafío, the company where I am doing the internship offered me a job and I accepted it" Jennifer Lafuente

BEST PRACTICES-1

"DESAFÍO" AND "ARRAIGO"

Implemented by:
[UNIVERSIDAD DE ZARAGOZA](#)
[UNIVERSA](#)
[DIPUTACIÓN PROVINCIAL DE ZARAGOZA](#)

MOBILITY IN RURAL AREAS

The "Desafío" and "Arraigo" programs originated in 2018 with the collaboration between the University of Zaragoza and the Provincial Council of Zaragoza. In four editions, more than 70 students of different bachelor's and master's degrees from the university participated. This program brilliantly reverses student mobility by allowing finally-year students and recent graduates to do internships in both public and private institutions in what is known as the "Fourth Space", that is, in town and villages with less than 3,000 inhabitants.

"All my life thinking that work opportunities where in cities, now this interesting opportunity arises" Miguel Cañas

AWARD WINNING INITIATIVE

"Desafío" has been recognized as an exemplary practice on a continental scale by European networks such as Euromontana, and has received several awards, such as the 18th Expansion Award for Innovation in Human Resources (2020), the Award for Social responsibility in Aragon (2019) and the Excellent Universities Award in the Employability category.

In 2021, this initiative has been extended to the provinces of Teruel and Huesca and thanks to the UNITA-Rural Mobility program funded by the Provincial Council of Zaragoza, it will have for the first time twenty international students from UNITA partner.

ADVANTAGES

Involvement with rural areas, new opportunities for university students, help to fight depopulation, decreases average age of small municipalities, gives visibility to companies in rural areas and foster their growth.

DISADVANTAGES

Areas with low commuting opportunities, mismatch of schedules during summer, low awareness among students at the beginning, difficulties in matching demand and offer, low attractiveness for city searching students.
