Objetivo: criação de uma plataforma aberta (open-source) que permita a identificação de coleções arquivísticas com documentação relevante para o estudo da diáspora sefardita e os seus antecedentes, com vista a permitir:

- ✓ Otimizar recursos e processos de investigação;
- ✓ Potenciar a investigação sobre a diáspora sefardita, a partir da utilização de ferramentas com linguagens e metodologias comuns;
- ✓ Garantir a interoperabilidade com outras bases de dados (caso da YERUSHA).

Instituição de Acolhimento: FSCH/NOVA: Lab_HD do IHC; CHAM.

Financiamento: Rothschild Foundation Hanadiv Europe; Cátedra de Estudos Sefarditas (FL-Ulisboa).

Duração: Janeiro 2021 – Dezembro 2023.

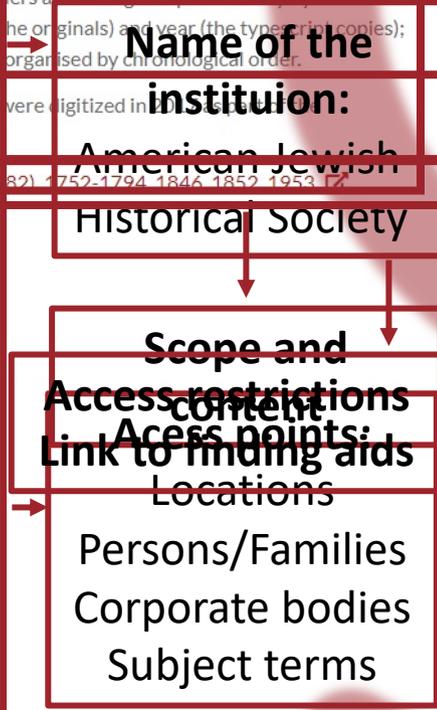

Base de dados (Omeka S)

Access points: document types	Commercial records Family papers
System of arrangement	The collection is divided into four series. The shipping records in series I are divided by type of vessel and, for each type, the folders are arranged alphabetically by vessel's name. The accounting records in series II are firstly divided by geography and, in a second level, by individuals, the folders are arranged alphabetically by name. The correspondence in series III is organised by sender or addressee (the originals) and year (the typescript copies); the records are arranged chronologically. Records of series IV are organised by chronological order.
Access, restrictions	The collection is on 31 microfilm reels. Box 10, Folders 12 and 17 were digitized in the Digitization-on-Demand program.
